Industrial Designer (m/f/d)

Immediately · Full time (40h/week) · Ottobrunn near Munich

At the headquarters in Ottobrunn near Munich, the Porsche eBike Performance GmbH develops and produces advanced drive systems for two brands: FAZUA with the focus on pioneering compact lightweights for agile e-bikes and under the brand name Porsche exceptionally powerful drive systems. FAZUA is a young, ambitious brand that has transformed the cycling industry in 2017 with its innovative drive system for agile, compact, lightweight (and extremely good looking) e-bikes. Since July 2022, we are a part of the Porsche eBike Performance GmbH. Our diverse, open-minded, ambitious (and fun) team is constantly seeking new, inspiring talents who will help us push boundaries to shape the future of e-bike technology.

YOUR TASKS

- As part of the industrial design team, you support the design team as well as other product development teams.
- Iteratively, You develop and guide ideas and concepts from the first sketch to 3D models. In this process you will work both independently as well as in coordination with other teams and stakeholders.
- You create prototypes to test ergonomics and operating concepts as well as styling ideas during different stages of the development.
- You collect and evaluate feedback from testers and relevant stakeholders.
- You accompany your projects up to the series production and develop detailed solutions and design adjustments.
- You participate in further shaping the design language of our brands (Porsche eBike Performance, Fazua, Greyp).
